

# Rob Deane

AIA, NCARB / Senior Associate

Rob's work emphasizes good old-fashioned drawing and teamwork, crafting client visions from sketches into enduring built environments. This dynamic process facilitates all parties to speak, be heard, act, and appreciate the built result. His experience ranges from single and multi-family residential, government, corporate, civic projects, to tenant improvements. He is particularly interested in how robust public and private relationships can foster sustainable and socially-balanced places. Rob is an active member of the AIA Seattle Young Architects Forum (YAF) and participant in Design in Public. He values clients and team members as part of a growing community.
